Defenses to 1NT

Ask a group of experts about their favorite methods of competing when an opponent opens a strong 1NT (15—17), and you will receive a variety of answers. The Daily Bulletin has featured one method each day during the NABC.

Note: Players should be aware that several of the systems described in this series use Mid-Chart conventions and are not permited in events that are restricted to the General Convention Chart. The director in charge can provide the information you need.

Today's expert is Jerry Helms from Charlotte NC.

Helms, like many top players, loves to compete over the opponents' opening 1NT. Before he created HELLO, he disliked having to double or bid 2. with one suit. After experimenting with various methods, he, along with co-inventor Bill Lohmann, came up with HELLO (the name is formed from the first initials of their surnames).

"The weakness of many methods is that they can't bid 2♥ or 2♠ directly," said Helms. "This gives the opponents free rein at the two level. They can bid Stayman or make a transfer bid. When we created HELLO, addressing this was our first priority.

"When you own a major, especially spades, you want to be able to bid it immediately for the preemptive effect," Helms said. "We want to interfere, but also bid accurately when it is our hand. The whole idea is to be constructively obstructive. HELLO gets your partner involved."

The system can be used against either weak or strong 1NT since the double is not needed to show one of the hand types.

Helms points out other advantages of his

Double = penalty or a strong hand.

2 ♣ = diamonds or a majorminor two-suiter

2 ♦ = transfer to hearts.

2 ♥ = majors

2 ♠ = spades

2NT = clubs

3 ♣ = minors

3 ♦ = majors, stronger
than 2 ♥

system. In certain HELLO auctions, the unknown hand, the partner of the one who bid, will be the declarer. This happens when you bid $2 \blacklozenge$ to transfer to hearts, for example. The partner accepts the transfer and "He might have something crazy such as a low doubleton heart and a six-card club suit or just about anything," said Helms.

The strong hand is on lead and has no idea of the strength or distribution of the declarer. The

Boye Brogeland and Ishmael Delmonte.

Boye Brogeland and Ishmael Delmonte, who play together only at NABCs, are used to leading in the late stages of ACBL pairs events, but until Friday they had not had the experience of winning.

That changed when they had a monster first final session in the Lebhar IMP Pairs and won the event going away, more than 17 IMPs ahead of the runners-up, Jonathan Weinstein of Evanston IL and Robert Heitzman Jr. of Suffern NY.

Henner-Welland, O'Rourke face off in Vanderbilt final

Teams captained by Lou Ann O'Rourke and Christal Henner-Welland will play 64 boards today in the Vanderbilt Knockout Teams final.

O'Rourke, originally seeded fourth, reached the championship round with a 133-102 win over the Piotr Tuszynski squad. Henner-Welland and company kayoed the James Cayne squad in a 120-114 nail-biter.

O'Rourke is playing with Marc Jacobus, Geoff Hampson, Eric Greco and Italian world champions Giorgio Duboin and Norberto Bocchi. Henner-Welland is playing with Antonio Sementa; her husband, Roy Welland, Bjorn Fallenius and Polish stars Adam Zmudzinski and Cezary Balicki. Henner-Welland was seeded No. 7 at the start.

In both semifinal matches, the winners took the lead early and never trailed, but Henner-

Former caddy now working 'dream job'

Officer Ann Beye with her father Rick.

It has been some time since Ann Beye worked as a caddy at a tournament, but for many years she was one of the regulars at NABCs, running all over ballrooms and convention centers, picking up boards and score slips.

These days, the 25-year-old daughter of ACBL's Chief Tournament Director Rick Beye is still doing a lot of running around, but now it's in

a squad car for the St. Louis Metropolitan Police Department.

That's right – the comely caddy who made such a good impression is now packing a 9mm pistol and chasing bad guys for a living.

It's what she always wanted to do, she says.

From childhood, Beye says she was impressed by people in uniform and drawn to the profession. So when she graduated from high school in St. Louis in 2000, she enrolled at the University

LATE NIGHT / ENTERTAINMENT

Saturday, March 17

Wear your green and show up in Landmark Ballroom 4 after the evening session for "St. Pat's Night." Yes, it's St. Patrick's Day (and you are Irish on March 17). Come and you can enjoy the corned beef and cabbage. This will be a great ending to the super food and entertainment we have enjoyed at this NABC! And while you're enjoying the food, you'll enjoy the music of

the Brett Stamps Jazz Quartet. Bret Stamps has a long and distinguished resume. He has performed, recorded and arranged for famous music groups including the Stan Kenton Orchestra. His group has performed at numerous prestigious events and venues. We will all enjoy the jazz of the Brett Stamps Jazz Quartet.

Golder NAP Flight B begins play today

Competition begins today in the Golder North American Pairs, Flight B? a grassroots event limited to players with 0—1500 masterpoints.

The first stage is conducted at the local club level and qualifiers advance to unit competition. Those qualifiers then advance to the district finals where three pairs —- more, depending upon attendance —- qualify for the North American final.

Winners will have their names inscribed on the Golder Cup and will also receive a certificate of recognition.

The trophy is presented in memory of Benjamin M. Golder (1894—1946) of Philadelphia, who died the day before the close of his term as 1946 ACBL president. He was named ACBL Honorary Member of the Year for 1947.

JUST FOR NEW PLAYERS

Slam bidding tools

By Mark Ehret

What's more fun in bridge than getting to the right slam? Not much! Usually, the first slam bidding convention we learn is Blackwood. Since it might be the only

convention we have to find slams, it tends to be overused by newer players. Knowing when not to use Blackwood is important. For example:

- Don't use Blackwood with a void.
- Don't use Blackwood with a worthless doubleton.

Consider this South hand:

♠ -	♥ A K J 9 8 6	4 3 ◆K Q 7	♣A Q
West	North	East	South
	1 🖍	Pass	2♥
Pass	3♥	Pass	?

What if we bid 4NT (Blackwood) and North bids 5♦, showing one ace? Do we know what ace it is? We can't assume that partner's ace is in the spade suit just because he opened 1 . Partner's hand could be

♦KJ1072 **♥**Q1052 **♦**A8 **♣**K3

That makes you ice cold for $7 \, \checkmark$, but using Blackwood can't help you get there.

Try bidding 4♣. That shows the ♣A. You and partner have already agreed on hearts as

trumps, so 4* can't be anything but first-round control of the suit (a void is a possibility, but most often it will be the ace).

Now it's partner's turn. $4 \blacklozenge$ shows the $\blacklozenge A$. If partner bids $4 \spadesuit$, that denies the $\spadesuit A$ - he will bid his controls "up the line," so skipping 4♦ denies the ace of that suit.

Here's another. As South you hold:

♠ A K J 8 3	♥ K 7	♦ J3	♣A 8 4 2
West	North	East	South
			1 🖍
Pass	2♥	Pass	3♣
Pass	3♥	Pass	?

If you bid 4NT (Blackwood) at this point and partner shows only one ace, you could be off two quick diamond losers - and guess what the opponents are going to lead.

Bid 5♥. A jump to the five level of the agreed-on major asks partner to describe his holding in the unbid suit (or the opponents' suit if they are in the auction). In this auction, partner has four choices.

Pass = No first- or second-round control in diamonds, the unbid suit.

5NT = Guarded • K.

 $6 \checkmark = Singleton diamond.$

 $6 \spadesuit = \spadesuit A \text{ or void.}$

Note that the 5NT bid by partner will protect the **\Lambda** K from the opening lead if the final

contract is notrump. North might have

♦Q2 **♥**AQJ964 **♦**4 **♣**K 9 6 3.

in which case he will bid $6 \checkmark$ over $5 \checkmark$.

What a great bidding sequence. Easley Blackwood would be proud you didn't misuse his convention.

North should even bother with Stayman given those "robust" spades. A direct 3NT is a viable

Defensive commentary: When East plays the ♦10 at trick one, West knows South has the A K Q 9. Why? (1) The play of the 10 denies the 9. With the 10?9, the proper play is the 9, the lower equal. (2) When the opening leader (West) has the card directly above the card partner has played (♦ J), this is a telltale sign that third hand has played his highest card. Two tips to tuck away.

Play commentary: As declarer, it is usually most deceptive when holding three equals to take a trick with the middle equal $(\blacklozenge K)$. With two equals it is almost always right to take the trick with the higher equal One major exception: At notrump, holding the A-K-(x), take the trick with the king. After winning the ♦K, South leads a club and, assuming East plays low, a second club.

Defensive commentary: On the second club, East discards a low heart, not a high spade. Keep winners, discard losers. Upon winning the A, West counts declarer for nine tricks: three diamonds, three clubs and by inference, three hearts. East must switch to the ♠ Q. Risky? Not really. North is known to have the $\bigstar A K Q$, the $\bigstar Q$ and the $\blacktriangledown A$ for 15 high-card points. Voila! Partner must have both top spades. When East leads the queen, West plays low (can't afford the 9 with the ▲8 5 4 3 in dummy). Not to worry, partner will continue the suit.

Open Swiss Teams begin play today

1991

The Open Swiss Teams begin play today with the Jacoby Trophy going to the winners. This is a four-session event with two qualifying sessions and two final sessions.

The trophy is named for Oswald and Jim Jacoby — one of the premier father-son pairs in ACBL history, the first father-son to win a national championship together and the first father-son to be elected to the ACBL Bridge Hall of Fame.

The senior Jacoby (1902-1984) won his first major title —- the National Team Championship of the American Whist League — in 1929 and his last major title —- the Reisinger Board-a-Match Teams — in 1983.

In between, he won the McKenney Trophy (now the Barry Crane Top 500) four times. He was the first player to win 1,000 masterpoints in a single year and the first player to earn 10,000 masterpoints.

Jacoby won seven Spingolds, seven Vanderbilts, two Reisingers and more than a dozen other major titles. He was named to the ACBL Bridge Hall of Fame in 1965.

He and son Jim are the co-authors of Jacoby Transfer Bids, Jacoby 2NT and other bidding ideas. Together, they won the Reisinger in 1955 — - when Jim was 22 —- and the Vanderbilt in 1965.

Jim Jacoby (1933-1991), elected to the Hall of Fame in 1997, won the Bermuda Bowl in 1970 and 1971, the World Mixed Teams in 1972 and the World Team Olympiad in 1988. He won more than 14 NABC titles and captured the Barry Crane Top 500 in 1988 — the same year he won the Olympiad title.

He is one of only three players to win the masterpoint title and a world championship in the same year — Charles Goren won the Bermuda Bowl and the McKenney in 1950 while Barry Crane won the World Mixed Pairs and the McKenney in 1978.

Pollack is no fish By Barry Rigal

Billy Pollack demonstrated an elegant defense on this deal from the first qualifying session of the Lebhar IMP Pairs (hands rotated). Pollack was West.

Dlr: North	♦ 9 4

Pollack led the ♥K. Dummy turned out to be disgustingly good. East played the unhelpful "natural" ♥10 – consistent with one or two hearts.

Pollack then cashed the A to get it out of the way. Partner's \$\dagger\$5 was suit preference, neutral, as declarer played the ♠7. How would you defend from there in Pollack's position?

There is only one successful defense from that point – the $\diamond 9$ or $\diamond 7$. The full deal:

♠ 9 4

♥ QJ962 ♦ A 10 8 5 **\$** 5 2

♥ A K 5 4 3

A

♦ 642 **4** 10

▲ K 8 7 **v** 8

♦ K3

♣ A K 9 8 7 6 4

The ♦Q or ♦J will not do – either allows declarer to win in hand with the king and later finesse the ♦10 for his 10th trick. If you shift, for example, to one of your high clubs, declarer can win, cash his other high club and put you in, and no matter what you do from there you will be squeezed in the red suits. You have to break up the squeeze, and the only way to do that is to play a diamond while you still have a second entry that will allow you to play another diamond, severing communication with dummy. Declarer will lose two spades, one club and one heart for down one.

All partnerships, including NABC+ events, for Center only.

Gatlinburg: The beat goes on ...

It was déjá vu in the Smokeys last spring: Gatlinburg shattered ACBL all-time attendance records for the sixth consecutive year.

Some guick facts and figures from last April: 9,565 tables, with 3,943 participants. Every state but one represented (hello, Wyoming?). Gold point knockouts: 207 brackets. Fifty-nine players with more than 100 masterpoints for one week. You get the idea. If you haven't been, join us next month, April 9-15, to see what it's all about. If you have been, you already know. Make your reservations NOW.

And you must smile at your opponents!

Tours termed successful

"The tour groups were exceptionally successful," said Tournament Co-chair Mike Carmen. Both the Anheiser-Busch tour and the St. Louis City Tour were sell-outs. "Sue George did a great job," he said.

Cell phones

Cell phones, audible pagers or any similar communication equipment may not be operated or operable in the playing are during a session of play at NABCs except for health-related equipment or by permission of the director-in-charge of the tournament or event.

Bob Teel of Birmingham AL has topped the 15,000 masterpoint level. Teel was a state judge for 26 years until he retired last year. He and wife Jane were second in the Rockwell Mixed Pairs earlier this week. They also played in the Mixed Pairs in the 1978 World Olympiad. Teel was second in the 1986 Men's B-A-M in Atlanta.

Your chance to play in a world championship

For most world championships, it is necessary to qualify. This fall, at the World Bridge Championships in Shanghai, China, you can play in the 6th World Transnational Open Teams without having to go through team trials.

The event is open to players nominated by their national bridge organizations – the ACBL for most players reading this – and approved by the World Bridge Federation Credentials Committee. There are no quotas. Each NBO may nominate as many players as they wish. Teams may be made up of players from different countries.

The Transnational Open Teams begins on Oct. 8 and runs through Oct. 13.

The format will be Swiss teams, usually played in 10-board matches for 15 qualifying rounds, with a quarterfinal knockout round starting Oct. 11, semifinals on Oct. 12 and the final on Oct. 13.

The world championships begin Sept. 29 and continue through Oct. 13.

Shanghai is China's largest industrial city with plentiful opportunities for sightseeing and shopping. For more information, visit http://www.worldbridge.org/tourn/Shanghai.07/Sh anghai.htm.

Ah . . . Springtime in the Mid-Atlantic

April means Gatlinburg ... but May means Richmond, and June means Greenville. We offer one great regional most months of the year, and here is where you can spend springtime in the Mid-Atlantic.

Richmond, VA - May 22-28, Holiday Inn Koger Center (804) 379-3800. Regardless of the site, the Mid-Atlantic's Memorial Day regional always is the ACBL's largest. Great playing area, with all games in two big ballrooms and plenty of nearby restaurants. *Tournament co-chair: Jacki Shuman (804) 307-4304, richmondregional@aol.com*

Greenville, SC - June 11-17, Hyatt Regency Downtown (864) 235-1234. The more and more folks are catching on: This is one of Mid-Atlantic's most impressive venues. Set in a revitalized uptown/downtown area but easily accessible by ground or air. *Tournament co-chair: Jaime Villanueva (864) 322-6153, jaimepvillanueva@aol.com.*

NAOP-C Pairs compete for President's Cup

Players in the North American Open Pairs Flight C, a grassroots event limited to players who have not yet become Life Masters, will begin competition today for the President=s Cup.

The trophy was presented in 1942 by Morgan Howard, ACBL president that year. The trophy was previously awarded to the winners of the President=s Pairs event, held at the Summer NABC.

The competition began last summer at the local club level and qualifiers then advanced to unit competition. Those qualifiers advanced to the district finals and three pairs from each district — more, depending upon attendance — qualified for the North American final.

Europe opens major championship again

The 3rd European Open Bridge Championships will take place June 15-30 in Antalya, Turkey, a holiday resort in the Mediterranean region.

The tournament is open to all players who are members in good standing of their respective national bridge organizations.

All events are transnational and there are no quotas.

The championships are Mixed Teams and Pairs; Open, Women's and Senior Teams, and Open, Women's and Senior Pairs.

There will be cash prizes for overall finishers. The tournament will be played at the World of Wonders Resort, Kremlin Palace Hotel.

NABC Diary Super recruiter

Donna Coker is a relatively new tournament director working in the Intermediate/Newcomer games at the Spring NABC. She lives in St. Louis and is renowned for her skill in recruiting new ACBL members – well more than 100 in a short period of time.

On Thursday, she was going down the list of top I/N masterpoint winners on the all of the newcomer room. One after another, she pointed out players she has brought to the game, including her veterinarian, Dr. Caroline Gilje. "I love seeing my players up there," Coker said.

As she was discussing her enthusiasm for recruiting, up walked Dee Griffiths of Bermuda. "I see you are talking to the director of the year," said Griffiths.

Make mine a combo

Sabine Auken was in the Daily Bulletin office on a friendly visit when she mentioned that she had been trying to determine the correct play for one loser in the following situation:

A 10 8 7 4

0652

The 6, 5, 4 and 2 could be any low spots. The crucial cards besides the ace and queen are the 10, 8 and 7

Sabine said she polled a significant number of experts and none knew for sure, nor did she. The Official Encyclopedia of Bridge did not have the 8 and 7 as spots in the section on suit combinations.

So when Barry Rigal arrived for his daily visit, he was asked about it. The problem set Barry pacing the room, mumbling to himself, stuff like, "If the eight loses to the nine. . .if the 10 loses to the jack. . ."

Ultimately, however, Barry came to the conclusion that the best chance is to cash the ace and play low to the queen, which loses only when RHO has a void in the suit or a singleton 9 or 3.

So if you find yourself needing to get out for one loser with this combination, at least you have the option of playing as Barry suggested – and if it goes wrong, you have someone to blame.

Pants on fire?

Tournament Director Priscilla Smith was turning the dummy in one of the Intermediate/Newcomer games for a player who had to make visit to the restroom. When the missing player was not back for the start of the next deal, Smith sorted the hand and was prepared to start bidding.

Just then, Dave Smith of the Daily Bulletin staff walked by with his camera. Priscilla, hoping to be able to get back to her directing duties, greeted Dave and asked, "How many masterpoints do you have?" She obviously hoped Dave would say something noncommittal and fill in just for a minute. He disqualified himself for the I/N game, however, by telling the truth: "Ten thousand."

With that, Dave went back to his Daily Bulletin activities and walked away.

After Dave got out of earshot, the woman whose partner still hadn't returned from the ladies' room, said to Priscilla: "He's lying, isn't he?"

Well-earned IMPs, version 2

This is a new, more accurate version of the report published in the Friday edition of the Daily Bulletion.

It is rare to see a team score IMPs by spectacular declarer play at one table and imaginative defense in the other room. But in Tuesday's match between the Carolyn Lynch and Peter Schneider squads in the Vanderbilt Knockout Teams, Larry Cohen and Curtis Cheek (for Lynch) were full value for a 14-IMP swing. Cohen, playing with David Berkowitz, was South.

On the lead of the ♣7, Cohen put up the ace, pitching a heart. Then he played the ♠A, ruffed a diamond, ruffed a club (West following with the 5), ruffed a diamond, cashed the ♥K, played a heart to the ace and ruffed another diamond (West pitching a heart), reaching this position:

Cohen cashed dummy's ♠K, and East showed out! The key was that, in the four-card ending, West was known to have three spades and a plain card left. Was it a heart or a club? There were two reasons to think it was a heart. West's club lead was consistent with a doubleton – it would have been a falsecard from three. Also, there was perhaps an element of restricted choice: with a club and a heart left, when West discarded on the third diamond he might have pitched a club.

So Cohen ruffed a heart back to hand safely (both opponents following suit), then exited with his diamond. West suffered the indignity of having to ruff the trick to be endplayed in trumps.

The full deal:

At the other table, the auction was the same, and Curtis Cheek, West, started proceedings against the slam with the ◆K. Declarer won the ◆A at trick one and played a spade to dummy's king at trick two, leaving him no play for 12 tricks.

Defenses

Continued from page 1

hand with hearts will be exposed as dummy, but the defenders already have an idea of that hand.

The same situation is true when the intervener bids $2 \clubsuit$ and passes the $2 \spadesuit$ response or when he bids 2NT and the partner bids $3 \clubsuit$.

There are other auctions in which the partner may be the declarer. After a $2 \, \checkmark$ bid for the majors, the partner will prefer spades roughly half the time. After $3 \, \checkmark$ for the minors, the partner will sometimes bid $3 \, \checkmark$. In these cases, the strong 1NT hand is the opening leader and the unknown hand remains hidden.

In the passout seat the methods change slightly. Double is not as valuable as penalty since the doubler is not on lead against 1NT. Instead the double is a relay to 2. Over the 2. response:

Pass = clubs $2 \blacklozenge =$ diamonds and a major $2 \blacktriangledown =$ hearts and clubs $2 \spadesuit =$ spades and clubs

Will these bids, your minor is five cards or longer, but the major is only four-cards long.

Hands such as these are particularly hard to bid accurately, and this approach is an attempt to address that. Players who don't like to play a double as penalty in the direct seat could use this scheme instead.

"I prefer the penalty double," said Helms. "It comes up more than you think, and is definitely needed against the weak 1NT."

Helms' book, *Helms to Hello*, gives a more complete version of HELLO and is available from Masterpoint Press.

Wheels within wheels By Barry Rigal

Kaplan, North, stayed out of the auction because of the vulnerability and elected to lead the ♣A against the spade game. She continued with a second club, ruffed by declarer, Gordon. He played the ♠A and another spade. Kaplan, in again, realized her partner was very weak, so she elected to give declarer a ruff and discard.

So how should Gordon have played? He knew North had shorter spades than South but had not come into the auction, so she surely was not holding a two-suiter with short diamonds. Right.

At the table, Gordon elected to ruff in dummy, pitching a heart from hand and leading a diamond to his ace to draw the last trump. When he led the •J from hand and Kaplan showed out, he could not avoid a loser in each red suit.

West led a top diamond and shifted to the $\triangle Q$. Bates won and ruffed a spade in dummy, then led a heart to the 10. West won the ΨJ and exited with a club. Bates won in hand, ran the ΨQ successfully, collecting the $\Psi 9$ on his right and drew the last trump to reach this position:

"Dad's plan was for me to go to law school," she says with a smile, "but it didn't work out."

Beye's first caddy job was at the age of 8, and she says her long experience in that field helped her prepare for life as a police officer.

"You learn to deal with people, answer questions, smile even when you don't want to," she says, adding, "You also learn multi-tasking, and you're always on your feet."

She started at the St. Louis Police Academy in March of 2006, graduating in November of last year. That was followed by three months of training, but she is now a full-time officer, riding alone in the squad car.

"Radio calls can be anything," she says, "from traffic accidents to domestic incidents." If a situation looks like more than one officer is needed, she says, she can call for backup.

The job, she says, is just right for her. "I get to be outside and on my feet a lot," she says. "I'm not a desk person."

Beye acknowledges that she is still getting her feet wet and trying to gain experience, but she knows one thing: she loves what she's doing. "It's a good feeling," she says, "to help somebody and feel like you're making a difference."

There's also the thrill of something new every day. "You can't get bored," she says. "There is never a dull moment. Many days I think I can't believe I'm getting paid to do this."

Facts: The final result was 5♥ making six for a score of East-West plus 680 after the lead of the ♠A. The double of 4♠ was made by East after an agreed break in tempo (BIT). 5♥ was bid by West after the tempo break.

Director's Ruling: There was a BIT. There are logical alternatives to bidding 5♥, including Pass. The BIT suggested the action taken over other less successful logical alternatives. The score was adjusted per Law 16.A.2 and Law 12.C.2 to 4♠ doubled by North, down one, for a score of East-West plus 200.

The Appeal: East stated that her double simply showed values, and West stated that his 5♥ bid was obvious.

The Decision: The only UI issue before the committee was whether there was a logical

alternative to bidding 5♥. The committee found that Pass was clearly a logical alternative, especially since East could have more spades and fewer hearts for the double. The committee found that this issue was so clearly resolved that the appeal had no merit. So, in upholding the director's decision, the committee issued an appeal without merit warning (AWMW) to East-West.

The play in 4 doubled was discussed and the consensus of the committee was that nine tricks would be taken by North.

West North East South Pass $1 \blacklozenge$ Pass $1 \spadesuit$ Pass $1 \spadesuit$ All Pass

Facts: The defense started with the ♣A, and a shift to the ♦7, won by the ace. The ♣J return was won by declarer with the king. Declarer then led a heart to dummy and then the ♠J was ducked around. Another spade was won by South with the king. South then returned the ♦5 and declarer called for a diamond and then said, "I mean the queen." The director was called at this point.

The $\blacklozenge J$ was on the table when the director arrived, but declarer and dummy claimed she played it after declarer's statement. The defenders claimed she said it after the $\blacklozenge J$ was played.

Director's Ruling: Declarer's call of "diamond" was careless, but not incontrovertibly not her intention. She could have forgotten that the ◆J was out. As per Law 46.B.2, it was ruled that a low diamond was played. The result assigned was 4♠ down two (East-West minus 200), with a trump promotion on a diamond return after the ◆J won, establishing South's ♠9.

The Appeal: East stated that she knew all her cards were high. She stated that she always intended to play the \bullet Q. She then said that her statement "I mean the queen" was simultaneous with the play of the \bullet J.

North and South both stated that declarer said "play a diamond" and North played the ◆J before declarer said, "I mean the queen."

The Decision: The director provided the committee with the following instructions from the ACBL Laws Commission regarding Law 45.C.4(b):

- 1. In determing "inadvertent," the burden of proof is on the declarer. The standard of proof is "overwhelming." Unless there is such proof to the contrary, the director should assume that the card called was the intended one.
 - 2. In judging "without pause for thought,"

If declarer has made a play after making an inadvertent designation from dummy, a "pause for thought" has occurred. Making this interpretation has essentially put in a time limit without rewriting the law. If declarer has made a play (usually a play from hand but it can be a play from dummy to the next trick) after an alleged inadvertent call of a card from dummy's hand, we are to rule that there has been a pause for thought. Therefore, we may not permit declarer to change the play from dummy.

If declarer's right-hand opponent (RHO) has played and there is any reasonable possibility that information gained from RHO's play could suggest that declarer's play from dummy was a mistake, a "pause for thought" has occurred. If we determine that the play by declarer's RHO suggested to declarer that some type of mistake had been made, the Commission is saying that this constitutes pause for thought. As in a. above, we cannot permit declarer to change the play from dummy.

The committee discussed the relevant law and the Laws Commission instructions, focusing on Law 2.b.: "If right-hand opponent (RHO) has played and there is any reasonable possibility that information gained from RHO's play could suggest that declarer's play from dummy was a mistake, a 'pause for thought' has occurred".

The committee made the point that the $\blacklozenge J$ play by North, even if simultaneous with declarer's statement of "I mean the queen," suggests that some time elapsed before declarer made her statement. North would not expect a low diamond from dummy, and would not play the $\blacklozenge J$ quickly. There had to be a finite length of time – an interval of some time – to allow North to detach and play the $\blacklozenge J$. Thus the director's ruling of $4 \spadesuit$ down two by East and a score of East-West minus 200 was upheld.

No consideration was given to issuing an appeal without merit warning.

Committee Members: Dick Budd, chair, Ed Lazarus, Chris Moll, Riggs Thayer and Jim Thurtell.

IMP Pairs

Continued from page 1

The IMP Pairs winners live worlds apart – Brogeland in Norway and Delmonte in Australia – and they rarely practice, but somehow they manage to be in contention in most ACBL events they have entered.

It was the closing part they had not perfected until the IMP Pairs. Delmonte recalled leading one major pairs event by a substantial margin going into the final set only to finish with a 37% game.

Brogeland is a full-time player and editor of Bridge In Norway magazine. Delmonte owns the Kings and Queens Bridge Club outside Sydney. His wife, Kim, is running it while he attends the NABC.

Brogeland and Delmonte have been playing together for a couple of years, mostly on the Rita Shugart team. They play what Brogeland described as Norwegian Standard: five-card spade openings, four-card heart openers and a lot of bids showing shortness.

Don't Forget - Today is St. Patrick's Day

What might have been By Phillip Alder

When you lose a Vanderbilt Knockout Teams match by 22 IMPs and one deal cost 20, you know you could have won. That was how the team of Jeff Aker, Glenn Milgrim, Barry Rigal and you know who felt after losing to the No. 7 seed, Christal Henner-Welland, Roy Welland, Bjorn Fallenius, Antonio Sementa, Cezary Balicki and Adam Zmudzinski. It is little consolation that as I type, they are toiling in the semifinals.

I will present the expensive deal as a movie. Cover up the page and decide on your next move each time before reading the text below the line of asterisks.

With both sides vulnerable, you pick up in second position:

♦ J 2 ♥ 10 8 ♦ A K J 10 4 ♣ Q J 6 2 Zmudzinski, the dealer on your right, opens 1♥. What would you do?

It seemed a "normal" 2♦ overcall to me, so that's what I did.

Balicki on my left passed, and partner Rigal jumped to 3, a fit-showing jump, showing in principle five spades, four or more diamonds and the values to raise diamonds to the four-level. 2. would have been natural and forcing.

It's not your turn yet. Righty is still there with $4\clubsuit$, which promises 5=6 or 6=5 in his two suits. What would you do at this point?

We had not discussed the difference between Pass and 4♦, or whether a pass would even be forcing. And since things were suddenly looking worse, presumably with bad splits everywhere, I decided it was time to pass.

Balicki, on my left, sat for a long time, then raised to $5 \clubsuit$.

After two passes, what would you call?

I envisioned being able to tap out declarer, so I doubled.

What would you lead?

If you would have got this right at the table, you deserve to be playing in the Vanderbilt semifinals.

Sticking to my plan to try to force declarer to death, I led the ♦K (king from ace-king at the five-level and higher).

This was the full deal:

▲ 10 7 6 3 Dlr: South Vul: Both **♥** 5 2 ♦ Q 9 6 2 ♣ A 10 5 **♠** J 2 **∧** K Q 9 8 4 ♥ K 9 7 4 **v** 108 ♦ A K J 10 4 ♦ 8753 ♣ Q J 6 2 **∧** A 5 **♥** A Q J 6 3 ♣ K 9 8 7 4 3 South West North East Balicki Zmudzinski Alder Rigal 1 **v** 2♦ Pass 4. **3**♠ **5 *** Pass **Pass** Pass

Declarer ruffed and led a low trump. Knowing he would insert dummy's ♣10, I split my honors, East discarding an encouraging $\blacktriangle 4$.

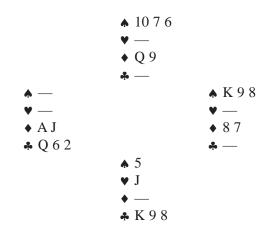

All Pass

Dbl

South played a heart to his queen, cashed the ♥A and led a low heart.

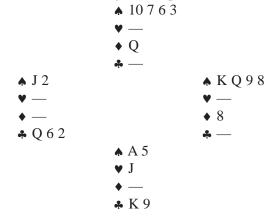

I should have thrown a diamond - not that it matters - but thinking partner had to have the A for his pitch, I let go of the $\blacktriangle 2$.

Declarer played a spade to his ace, ruffed another heart on the board (I discarded a diamond), and ruffed a diamond in his hand to give this end-position:

South led his winning ♥J, and I had no defense. When I ruffed and exited with the ♦A, Zmudzinski ruffed, cashed his *K and endplayed me with a trump.

My spade discard was stupid, but declarer should still make the contract. After the heart ruff at trick five, South trumps a diamond in his hand, ruffs a heart (I pitch another diamond), and ruffs another diamond to give this position:

Declarer, who has yet to lose a trick, cashes his A and exits with a spade. Even if my partner overtakes and plays a high spade, South throws his ♥J. I must ruff and lead away from my ♣ Q-6 into declarer's & K-9.

To beat the contract, I had to lead the \(J \) at trick one. Declarer would presumably win with his ace, play a trump to the jack and ace, take a heart finesse, cash the ♥A, and play another heart, but I can discard anything. The timing is on our side to get one spade and two clubs.

At the other table, West surprisingly never bid. My teammates had an uncontested auction of $1 \vee$ -1NT - 2♣ - 2♥ - 3♣ - Pass, making 10 tricks.

So we lost 12 IMPs and would have gained 8 if I had found the winning opening lead. But maybe we could not have picked up a further 3 IMPs on any of the other 63 boards!

Duck soup

This deal occurred during the 1997 St. Louis NABC

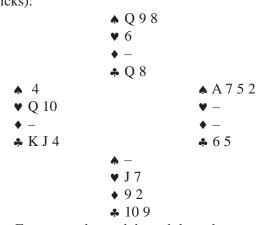

North-South had an unusual defensive problem on this deal from the first qualifying session of the Life Master Open Pairs.

Where South rebid 1NT, the normal sequence of plays would lead to at least seven tricks. At one table, South rebid $2 \blacklozenge$, which became the final

contract. West led the A and quickly switched to the K, taken by declarer, who expected the suit to split 5-1.

South then drew three rounds of trumps and played a spade to the 10, jack and king. The ♥8 was returned and declarer, shocked by the sight of another heart with East, ducked — obviously covering ensures the contract because the intermediates are good enough to build a trick. This was the ending (declarer had taken four

East must play a club, and the only sure way to defeat the contract is for West to duck! If he wins the K and plays a spade, declarer sets up the suit and can get there with the Q. If he wins the K and exits with a club, declarer can play the Q and discard a heart. East wins, but has nothing left to play but spades.

If West ducks the second round of clubs, East has an exit card with the third club when in with the $\triangle A$.
